MUSCLE MX

Our Story

Everyone is unique. No one is quite the same. But if you really look, there are more things about us that are the same, than are different. We all want the best possible life for ourselves and our loved ones. That simple uniting idea was the spark that created Muscle MX.

We all want to be pain-free. If you look around, regardless of age, race or gender, pain can be found everywhere. We shouldn't be surprised at the widespread addiction to prescription pain medications. There is a far better way.

We're a group of friends from Utah with a shared passion for health, wellness and life's adventure. When one of our family members became imprisoned with a serious ailment and chronic daily pain, we began searching for alternatives to help out. After intense research, we carefully and lovingly crafted our products with CBD to help everyone live their lives to the fullest. We have blended modern science and proven age-old remedies to help you maximize your body's performance whether it is in preparation for a triathlon or simply doing daily tasks.

Our Vision

We are dedicated to enhancing everyone's active life with clean, simple products that you can trust. At Muscle MX, we believe different lifestyles require different needs. There is no magic bullet or solution that fits everyone.

Our goal is to design and make the highest quality CBD products that support our customers from head to toe, inside out at a moderate price. Muscle MX is for everyone.

OUR PROCESS

Muscle MX is dedicated to full traceability throughout the CBD supply chain and product manufacturing process. With worldwide distribution, Muscle MX has developed a scalable system to meet growing demands without ever sacrificing quality and consistency.

USA Hemp

Muscle MX works directly with our processing partners to ensure that they use US-based farmers that are dedicated to producing high-quality CBD plants.

Extraction

For our CBD oil, we use a Super Critical Extraction, which is environmentally friendly and eliminates the risk of contaminants and residual solvents.

Manufacturing

For all product manufacturing, Muscle MX uses GMP certified processes and manufacturing partners.

3rd Party Testing

Each Muscle MX batch is tested by a certified 3rd party laboratory for purity, contaminants, CBD potency and %THC.

Muscle MX is 100% committed to "Clean Wellness". Each of our products are crafted using natural, non-toxic ingredients that are perfectly designed to help your body.

CBD AUDIENCE STATS

Nearly half of CBD users prefer oils/tinctures, lotions/balms, and gummies.

By 2025, the CBD industry is projected to grow to \$17 billion.

- **14% of Americans** have used CBD as of August 2019.
- **28% of all CBD users** use the product on a daily basis.
- **18%** are interested in topicals.
- **26% of cannabis users** spend \$101–\$200 on CBD products every month.
- **34% purchase CBD** from a retail store.

TESTIMONIALS

“

IT REALLY WORKS

"I could tell a difference in pain and focus level immediately. Over the course of several days worth of use, the effects magnify. If you have chronic underlying aches, pains and annoyances, this is a powerful tool in controlling and managing them that limits the ibuprofen and acetaminophen overload that I used previously."

–Joseph H (1000 mg Drops)

I TELL EVERYONE TO USE MUSCLE MX!

"I put Muscle MX on everything! Seriously, I love this stuff. It helps with any pain or body aches and it leaves your skin feeling so soft. I use it after working out for my legs and lower back. My husband gets really bad chapped hands in the winter. We have been putting this on them and it has helped so much! I tell everyone to use Muscle MX!"

–Samantha B (Restore Lotion)

AMAZING

"I love using the Activate on my lower back before I play basketball or workout. I used to have a lot of back pain the day after playing, but I don't have any pain the next day when I use Muscle MX."

–Tyler R (Activate)

LEG DAY HERO!

"I typically go pretty heavy on leg days. After my training sessions though, my DOMS (delayed on-set muscle soreness) is so bad, it's hard for me to get through my day. After using the Muscle MX balms, I have ZERO pain after my workouts. I repeat, ZERO! I'm astonished. Thanks to ACTIVATE/RECOVERY for removing my inflammation."

–Tim R (Activate & Recovery)

GREAT PRODUCT!

"I love this balm! I am prone to muscle spasms and this really relieves the pain and discomfort. I also work long shifts and have intense workouts and this stuff is like magic. I really like to apply before a workout and once you start to sweat it reactivates and is nicely cooling. Would definitely recommend."

–Savanna B (Recovery)
